Hey guys!!
Finally, I opened the website “Beautiful Washoku Cooking”,cooking class for foreign visitors to Japan!
This is what I’ve wanted from the very begging of starting my business.
I would like to make a lot of people have a experience of “Washoku” and Japanese culture such as sake tasting, and impress them by knowing how great Japan is!
Please share this link! ♥♥♥
Also, I would appreciate any comments or suggestions, such as “this part is hard to understand…” or “It might be a good idea to change like this…”.
